MMA

• 160 years old
• 10,000 physicians and physicians-in-training
  – Value of membership
• 22 local/component medical societies
• Mission:
  – To provide advocacy, information, education, and leadership for Minnesota physicians and their patients.
Strategic Plan: 3 Goals

1. Minnesotans are the healthiest in the nation.

2. Minnesota is the best place to practice medicine.

3. MMA is the source for advancing professionalism in Minnesota.
3 Priorities

1. MMA will help physicians deliver the highest-quality clinical care to all Minnesotans.
   
   A. Foster a culture of quality improvement and promote resources to support physician improvement activities.
   
   B. Improve the delivery of effective care (care that is based on scientific knowledge).
   
   C. Improve the efficiency of care (reducing waste).
   
   D. Increase the safety of care delivered to Minnesota patients.
2. MMA will work to ensure that all Minnesotans have access to physician services.
   A. Increase Minnesota’s primary care physician workforce.
   B. Improve the practice environment for primary care through adoption of care delivery models that value primary care.

3. MMA will encourage and support physician leadership in reducing racial and ethnic health disparities (recent).
   A. Focus areas in development
      • Policy Forum scheduled for June 17, 2014.
2 Priorities

1. MMA will work to reduce administrative burdens that reduce the time physicians have to care for their patients.
   A. Reduce complexity/hassle associated with medication prior authorization

2. MMA will help physicians in navigating the changes associated with accountable/value-based payment and delivery models.
   A. Critically analyze the advantages and disadvantages of various payment and delivery models for physicians and patient care.
2 Priorities

1. MMA will promote and develop high professional standards and protect the professional interests of practicing physicians.
   A. Competency
   B. Resource stewardship
   C. Maintaining patient trust

2. MMA will work to foster an improved culture of professionalism among Minnesota physicians.
   A. Promote physician professionalism
   B. Physician leadership
   C. Address physician burnout/well being
